

AIRPOWER® P3

Art. No. 108001

CE EN ISO 20347:2012 O2 HRO HI CI WR FO SRC

Leather/textile combination, waterproof and extremely breathable with GORE-TEX® Extended, leg height 20,5 cm, antistatic, sole 014

Available sizes UK 3 ½ – 12, Extra large sizes 12 ½ – 14

108001

HAIX® Climate System

Heel bend

HAIX® AS System

Upper Material

A combination of soft and supple waterproof leather, hydrophobic, breathable (5.0 mg/cm²/h), 2.0 – 2.2 mm thick and nylon fabric

Inner Lining

GORE-TEX® Extended; waterproof and highly breathable. Abrasion-resistant lining with optimized climate comfort, especially for flexible alternating inside and outside use.

Non-woven insole

Non-woven insole absorbs moisture.

Foot bed

Anatomically formed, exchangeable, washable, very good moisture absorption, dries quickly.

Sole

Rubber/PU sole with a sporty street/terrain tread. Optimal step and bend behaviour due to sporty toe and heel rounding. The low-weight PU, impact-absorbing wedge ensures outstanding walking characteristics. Fuel-oil resistant and non-marking. Compliant with EN ISO 20347:2012.

HAIX® Climate System

The HAIX® Climate system uses the pumping movement, which permits air circulation with every step – warm air is released and fresh air comes in through the vent holes at the top of the boot.

HAIX® AS System

The HAIX® Arch Support System supports the natural curvature of the foot. Toes and joints have thereby sufficiently more space. Keeps foot in the best position for optimal foot health.

Sun Reflect

Reduces the heating effect of the upper leather by direct sunlight. Sunlight is reflected by the leather, keeping the leather and the feet cooler.

Others

Light weight. Extreme breathable with the combination of fabric and high breathable leather.
